

NURSE ENDOSCOPIST TRAINING THE GRADUATES PERSPECTIVE

Alice Washer

EXPECTATION

Technical scope

Advanced role – RN expanded practice

Collaboration

Mentor

Support

WHAT WORKED?

Multiple trainers

Regular meetings with mentor – document

Support from MDT

Just do it!

Knowing when to ask questions

DOPS

Submitted to NZ conjoint committee

Same Standard as gastro trainees apart from therapeutic gastroscopies

THE FUTURE...

Nurse endoscopist / Nurse Specialist in Gastroenterology can provide a 'full package' of care that begins with thorough assessment, treatment plan, interventions, diagnostic/or therapeutic procedures, follow-up, communication with the initial referrer and the Gastroenterology Specialist.
